Hello to all my PDK brothers and their sweethearts!

Its hard to believe July is here...I don't know about you, but every year seems to speed by so much faster than the one before! Its hard to fathom that the year is half over.

I searched to find a topic for this month's magazine, even though it would be easy to rely on the old fall-back, July 4th. We all celebrate Independence Day in some form or fashion, as well we should. It is the celebration of our independence as a country.

Interestingly, however, I also learned that July is "National Anti-Boredom Month". As an educator and a parent, I can relate to the phenomenon that seems to occur about this time every year, particularly with school-aged kids. Summer brings freedom from school and homework, but it also brings a lot of free time...which can sometimes be difficult to fill!

It started me thinking that, just because we are adults and don't fall into that "summers off" category, we might find ourselves victim of boredom just the same. Life can be quite mundane, unless you put some effort into keeping it fun! At PDK, we know the importance of incorporating some play time into our lives, but do we do that often enough?

Unless you are retired, you probably face the annual decision of what to do with your vacation time. We

A Word from the Editor

Gregory G. Taylor, PhD

ggttaylor@fsu.edu

get so little of it generally speaking, that sometimes I think we focus on planning something fun to do just during vacation. And, being retired doesn't insulate us from boredom, in fact, it could be just the opposite. With fewer demands on your time, you might find yourself with not much to do!

Boredom can be a strong motivator. It can prompt creativity and tap into our imaginations. As individuals, have we gotten away from doing some of the fun things we did as children? Yes, our tastes, as well as our budgets have changed over time, but are we planning things we enjoy all during the year? Is there a hobby you used to enjoy that you have given up doing, or don't find the time to do anymore? Is there an activity, such as bowling, bike riding, golfing, fishing...maybe we should be finding the time for a little play in between the drudgery we have to deal with on a daily basis.

As a fraternity, are we making sure to plan enough social activities to offer our members to encourage brotherhood? Engaging in activities is a great way to strengthen our friendships within PDK.

If you're finding yourself a victim of boredom, use it to launch your imagination! Get out there and find something new to do!

*live simply
laugh often
love deeply*

NATIONAL PRESIDENT'S MESSAGE

Hello Brothers and Sweethearts!

With this being my last article as a member of the SEC, I would like to take this opportunity to thank each and every one of you! The support, friendship and Brotherhood this fraternity has extended to Jacki and I. They have been in the highest traditions of PDK.

It has been a honor and a privilege to serve as your National President. As much as I would like to list all of the Brothers who have helped me, guided me or we're just there for support I'll just say thank you for if I tried to make a list I would inadvertently miss someone and I'd have to buy their beer for the next ten years in an attempt to make amends.

Ialso want to thank Gamma Theta for sponsoring this year's convention. And a very special thanks to Bate Eta for all of the years they have supported my journey through the chairs.

THE S.E.C. SPEAKS

National Vice President

Jeff Woolf

Greetings Brothers and Sweethearts, I have to say that this year's Chapter Chase was a great success. Each chapter that we visited greeted us with smiles and brotherhood. I expected no less. I have come to learn that, if nothing else, Phi Delta Kappa brotherhood is universal.

We enjoyed some new traveling companions this year from Danville. We also picked a couple of people up in LaPorte this year who followed us up to Michigan City. I hope they enjoyed it as much as we enjoyed having them along.

I can only hope that this new tradition I can stick around long enough that people will be remembering the Chapter Chase as I remember the old traveling bowling league. Try to join us next year and make yourself some Phi Delta Kappa memories.

A large topic of discussion at this Spring's SEC meeting was the Relief Association. This debate has been ongoing for as long as I can remember. I would really enjoy seeing this issue put to bed this year. I believe that not one of us as Phi Delt brothers disagree with the premises of the relief association. The disagreement comes from the way

the funds are collected. It is theoretically an equal burden on everyone by charging each chapter by membership, but a much greater burden on the larger membership chapters to collect from each member. It is easier to contact 20 members than it is to connect with 120.

There are a couple of ideas on a different way to fund the Relief Association. Both are basically good ideas, but may need to be tweaked to arrive at a workable solution. If you would like information on the Relief Association or the ideas to re-invent it, contact a national officer or trustee. They have heard the plans.

With convention around the corner, I will go ahead and announce that I am running for the office of National President. I would appreciate your support in this endeavor.

*Until Next Time,
Fraternally
Jeff Woolf*

National Master of Ceremonies

Greg Trombly

Welcome from Mississippi Alpha The Hospitality Chapter, welcome to all my Brothers and Sisters!

Mississippi Alpha Update: Ms Alpha is planning to host the Spring SEC meeting and the Southern District in April 2016. Will announce the Dates at Convention, this way we can all make plans ahead of time to be there.

On the 18th of June MS Alpha had a ritual and installed three new members, our robes still look nice and I wanted to thank Jan Keener of Beta Eta of Winchester for getting them made for us. I keep forgetting to thank him, and it's been awhile. I look forward to seeing him in person at Convention with all the other PHI Deltas that you never see enough!

Our National Vice President Jeff Wolfe asked at his SEC meeting that if everyone could sign up one new member it would make a huge difference in our membership. Well I just signed up a friend of mine and he just made the Ritual. But often it's not quantity, but quality of new members that is needed. If everyone keeps up the good work we could soon go over the ever elusive 1000 member mark, keeping the objectives of the Phi Delta Kappa to promote fellowship among men, to encourage and foster high ethical standards for its members and the strict application of true fraternal spirit and loyalty among our members.

June 21st was Fathers Day the first day of Summer and Ms Alpha's 79th anniversary, another day another day of brotherhood! Hope to see everyone at convention, Happy 4th of July Fly your Flags and have a safe summer.

July the month we have all been waiting for warmer weather, BBQ, Chapters functions. Fourth of July fireworks and a chance

to fly our Flags. It's the time for family and friends picnics and swimming, and to be thankful for our country and what it stands for. Independence Day gives us a chance to thank our founding Fathers for their diligence and allegiance in God. Making our country a better place for all.

Our founding fathers stated that the objectives of this fraternity are to promote fellowship among men, to encourage and foster high ethical standards for its members, and the strict application of the true fraternal spirit, loyalty and charity among its members. The protection and perpetuation of the Constitution of the United States of America, as the means of guaranteeing and fostering the ideals of the American way of life.

Our brotherhood binds us together into this great organization that we are today the Phi Delta Kappa Fraternity. Our 13 unique chapters make us all different, guided by our Supreme Executive Committee following our Constitution, representing all of our members for a better brotherhood.

July also brings our 109th National Convention at Gamma Theta in Danville. I will run for National Vice President and I hope for your continued support. I have been to every chapter house and have met many more brothers on each visit. Convention brings more brothers together than any other event.

This July we will elect a new National President and Outer guard. We will say goodbye to National President Chris Parks who has led us through a good year. I will miss our first lady Jacki's smile illuminating the room. They will fade away but will always be remembered. They will shovel snow no more! No more caring about the outcome of Ground Hog

Day because of their new sunny disposition on life.

We'll say goodbye to our National Sweetheart Candie Nelson who I will miss very much.

But we will welcome in our New President Brother Jeff Wolfe and our new first lady Brenda. See everyone at convention, Thanks for a wonderful year!

Fly your flag!!

Inspiration

Hello brothers and sisters! This is the last article before the National Convention hosted by our brothers and their sweethearts of Gamma Theta in Danville IN. I know Sarah and I will have a great time visiting with all the Phi Delta Kappa brothers and their sweethearts. I hope to see many old friends and make some new ones.

I appreciate your support for my ascent one chair, to National Auditor. I promise to continue to be a great brother and an inspired National Officer.

What inspires you? Webster's dictionary defines inspiration thusly: something that makes someone want to do something or that gives someone an idea about what to do or create: a force or influence that inspires someone: a person, place, experience, etc., that makes someone want to do or create something: a

good idea. Well that about covers the word.

I find inspiration in my PDK brothers that are doing what it takes to keep this great Fraternity a viable force in their communities and beyond. I find the inspiration from the stories from the older brothers that just don't have the gas in their tanks anymore to contribute as they once did. I find inspiration from the brothers presently in the thick of everything. I find inspiration in the younger brothers who are stepping up to the plate and doing the things that need to be done.

I still receive inspiration from Sarah, my parents, my children and my grandchildren. Inspiration and purpose is why we get out of bed in the morning to take on whatever the good Lord throws at us during the day.

Society needs people that are constantly inspired to improve their situation and the situation of those around them. The lack of inspiration can lead to a very depressing and damning existence in the world. I personally just can't "go through the motions" as a way of life.

PDK offers many opportunities to get inspired and feel better about your life. You must take the first step before you can make the long journey of a thousand miles. If you sit by idly and wonder what am I going to do today then you really need to find some inspiration from somewhere.

Motivation is a good friend of inspiration. If a brother has both he can be a viable force of nature to be reckoned with. It is quite easy and one just needs to look to the leaders of your Chapter House or the SEC members for some inspiration.

Almost everyone that takes a local chair and most definitely the SEC brothers should be able to light a fire in your inspirational chamber. If, as leaders, we don't inspire those we have elected to lead then what good are we as a group?

I hope you find some inspiration from my writings and get back on the PDK horse and take a joyous ride into the future of brotherhood. We need every brother to be inspired and involved or the certain shrinkage of the brotherhood is sure to follow. I know you don't want that to happen, I surely don't.

Until next time remember to tell your loved ones every day that you love them. Hug a brother and get involved.

Proud to be a Phi Delta Kappa!
Bruce Smith

Chris Linsinbigler

Hello from the Flagship of the South, I hope this magazine finds everyone in good health and fine spirits and that all of your plans to attend the 109th National Council Meeting and Convention are made.

This year will be the first on in a long while where I didn't travel with Chip Reeder and crew on his BUS. I know I will miss the camaraderie, but with the new job time dictates the necessity to fly up and back home. Plus I get to spend more time with my Sweetheart, Barbie. I'll let you know how it works out. Lol.

With this year's Council Meeting there will be a lot of changes within OUR Fraternity. One of the biggest will be Jim Cressman stepping down as National Secretary/Treasurer. Thank You Jim for a job done well. Enjoy your new job, a long over due retirement. I know Miss Patty will have plenty to keep you busy and I know you won't be too far away to lend a helping hand.

Another will be Craig Brutout stepping up to the role of National Secretary/Treasurer. Thank You, Craig for having the courage to fill the void left by Jim. You have some pretty good sized shoes to fill. I know that you will do a great job. Let common sense and our Constitution be your guide and don't be afraid to ask for help, if and when needed.

Another will be the Relief Association. I hope, despite several National Officers "DOUBTS", that a solution can be found this year. I have faith it can be. Level heads and common sense will prevail. I think what is best for the Fraternity and its members should be obtainable.

If we make a change, and it doesn't work. Can we not change it back ??? But we should do something besides just talking it to

DEATH. Remember it is not a constitutional amendment. I am not sure how to fix it, but I do know WE have to fix IT. I've heard a lot of good ideas and I don't see many setbacks as to the size of the larger chapters vs smaller ones. If we are all equal members and are charged accordingly. We are truly chapters not clubs. I'm not trying to argue with anyone simply pointing out issues.

On that note I've heard this Phrase a lot over the years and I'd like to bring it out. It's easy to say for " Him " to be a better Phi Delt " He " needs to do this or not to do that. That being said (and Mean) " I " need to do this or stop doing that and " I " will be a better Phi Delt. Let him that lives without Sin cast the First stone.

Enjoy the Fourth Of July. I know at Florida Nu there will be a celebration of our Nation's Independence. I know a lot of other chapters are going to as well. Have fun but do it safely. Hey Richard remember Fireworks go up, not back at you and the crowd. LOL

Looking forward to seeing everybody Lin Danville. You know it'll be a great time. I wonder who will step up and run for National Office. We need you and your input, it is an enjoyable endeavor. It has been a pleasure and HONOR for me to serve you and the Fraternity and I'm looking for your support to continue my journey through the chairs. With your support I will.

Also the S.E.C. 20/20 is going well and it has been a joy to chair. I enjoy giving away money, especially when it's not mine. LOL But seriously I see the benefits of this small portion of our fraternal tra-

Dear Sweethearts and Brothers,
Wishing you all well! Summer is upon us here in Florida. Afternoon rains and high humidity will be the norm for the next 6 months. It's summertime weather like this that keeps the populations inside enjoying that AC, but not the electric bills that accompany it. The yearly migration of snow birds has taken place and the roads are somewhat safer.

Hopefully everyone had a good and enjoyable Memorial Day & July 4th Celebration. A big "Thank You" to all military veterans and all Service Women & Men for all that you do to keep this the greatest and safest country in the world! We keep you all in our thoughts and prayers daily.

Summer means Convention is around the corner! Once again, I am looking forward to seeing everyone and I ask for your support as I try to move along in the SEC. I know the FL/Chapters are gearing up for the trip. What could be more fitting than the 4th of July and Convention in the same month? Throw in an apple pie and it's Americana at its best. See you in Danville!

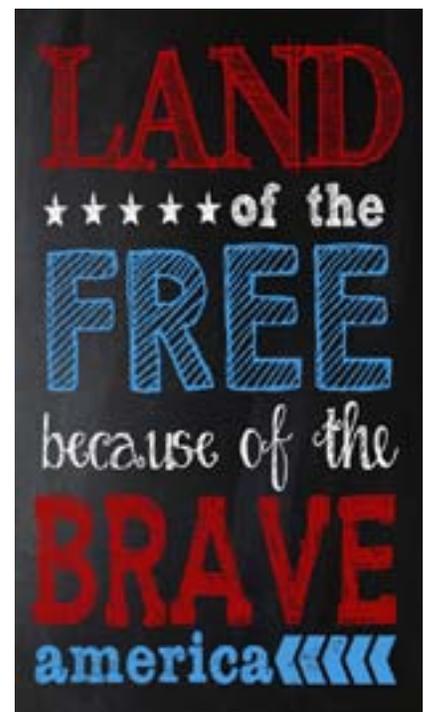

Recently a road trip to visit our Alpha Lamda Brothers in Tampa was put together by Chapter President Bill Davis and MC Chris Linsinbigler. Between FL/NU and FL/MU, 10 brothers set sail for Tampa. Our

brothers there welcomed us with open arms. Thank you all for your hospitality on our visit. Chris and Sal Pecora drove up and back – thank you both!

In conversation on the way up, Bob Foose, FL/MU, and Jim Cressman, sitting in row 2, were asked about their total years with PDK. Bob was 49 years in and Jim was 39 years in, and here they were still road tripping in PDK fashion! So, I'm trying to make a point of the fact that once you start travelling in PDK, it could become habit forming. Try it!

God Bless America.

*Adios my Friends!
Ed Nault
National Inner Guard*

Todd Gullett

Hello Brothers and Sisters, as you read this article, it will almost be time for National Convention. I look forward to having a few days off work to enjoy some Brotherhood.

Hopefully, the weather will cooperate so we can get out and play some golf. We've had quite a bit of rain here in Indiana and we are ready for the sun to come back out. Foouuuurrrr!!!

Iwant to thank Mississippi for sending me their monthly bulletin. I like to keep informed on what other chapters are doing and what kind of socials they are having. I noticed that every Saturday night they have a steak dinner and they are open on Sundays for racing.

Congratulations on breaking ground on your new chapter House. I know it is going to be a lot of hard work, but just think of the memories that will be made there. As the old saying goes, "It will be worth the wait"!

Here at Beta Eta we have several bikers that are planning on riding in the Phi Delta Kappa 2nd Annual Ride for Kids on June 7th. The ride begins at Brandt's

Harley Davidson in Wabash and will end in Peru. I look forward to a good ride with everyone and to raise money for a great cause...The Kids!!

May God watch over all of us!!!

Brothers, visit your local CHAPTER!!

Perspective

by: PNP Jon Handy, Emir
Beta Nu

You were born with a developing perspective. Even in the womb you were using all your senses to explore, wonder and figure out the environment around you. You would experience pain and discomfort when your host had an accident or got sick. Your kicks and punches were unplanned and reactionary, but you were beginning to learn that you could cause them to happen even before you emerged from the womb. You could smell, taste, see light through you mother's skin, hear her when she talked, and feel her rub her belly.

Your first breath was an epiphany and caused extreme anxiety as you were thrust into a world that was both scary and unexplored. As you began to observe the events of this new environment, your perspective began to develop at an explosive rate. You found that these strange appendages that you would later call arms and legs actually belonged to you would move at your command and could reach out into this new world to touch objects in your vision and make them move. What a discovery! Life was becoming an adventure.

The previous rendition serves only to demonstrate the birth of your perspective. Its development progressed and depended on billions of data that were input from your senses, imprinted onto your brain and helped develop your personality. This data was interpreted by you, of course, and you can reconsider this interpretation whenever you choose. This interpretation is what defines you and is responsible for everything that comes out of your mouth. Never be so absolute about your interpretation that you are unwilling to consider the thoughts of others that might change your own perspective.

Phi Delta Kappa members, by now, have well developed perspectives. Most members understand that their opinions are the fruit of their perspectives. Some of that fruit is not yet ripe, some of it is overripe and some of it is absolutely rotten. But some of it, like "Goldilocks and the Three Bears", is "just right." They

also understand that, as brothers, there are more important considerations than just being seen as the one who is always right – such as being loved and respected as a true Phi Delt. I know this is true because every brother has been initiated into our fraternity by a journey through the sands of the desert by way of the three oases and has heard the lecture of the Beloved Caliph. Ideally, these precepts became part of our perspectives and helped form our personalities and opinions. This journey made us better fraternity brothers, as well as more charitable citizens.

At the National Council Meeting in Danville this year an amendment to the Relief Association Constitution will be proposed. Your opinion on the changes proposed is coveted. No one will be criticized (hopefully) for stating his opinion. The Relief Association Committee will make a recommendation for acceptance, but only your support and vote will cause this to happen. Your vote has all the power. There is expected to be a lot of discussion on the proposal, and everyone will have an opportunity to opine. As a member of this committee, I would hope that you will think about this before the meeting in order to be well focused on your statement and be able to keep it as succinct as possible. If we can all stay focused, we should be able to adjourn at a reasonable hour.

I hope to meet all of you there and give you a hug.

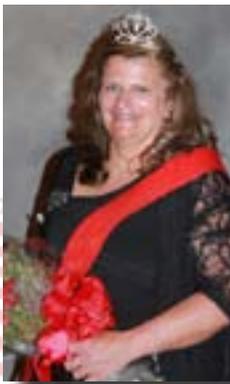

Don't you just love being a Phi Delt?

Corner

Candie Nelson
2014 PDK
NATIONAL
SWEETHEART

Hello PDK Family,

I know that I have missed a few articles this year, but it isn't because I don't care. I truly do! This has been a wonderful year as our National Sweetheart. I have visited with members from every chapter in one way or another, and I will treasure those memories.

I have taken many selfies along the way and hope to put those into the album that I received from Beta Eta during the Sweetheart dinner and dance. I enjoyed traveling and thankful that you welcomed me into your chapter houses and homes. I want to say a few thank you's before my reign is over.

First of all I want to thank my awesome husband for supporting me and escorting me to most of the functions (Thank you to Bruce and Sarah for filling in when needed).

Brian has warmed my heart with his rendition of the Sweetheart Song. I don't find it emotional until I look into his eyes and "feel the love" that comes from his heart. He is my world and I am glad that PDK allows us to have good times and share it together.

Beta Nu has been supportive. They are our family and we love them! They presented me with a beautiful charm and roses during our annual fish fry. The Marshalls were there with their signature pink M&M's. Thank you Butch and Judy! I also want to thank the Sumpters for the beautiful pink-jeweled heart bracelet. I received many personal gifts, cards and notes this year and I thank every one for them. I hope that you all know that I truly love you as family and appreciate everything you do for me!

I know that I say this a lot but the Past National Sweethearts are awesome and are some of my most cherished friends. When ever I have needed something, either as an officer's wife, First Lady or the National Sweetheart they have had my back. I can't put into words how it makes me feel when I see one of them coming to my rescue with smiles on their faces.

Thank you Greg and Stephanie for always having my back when I forget important things. I love you all immensely and thank you once again for allowing me the privilege of being your National Sweetheart!
